

Pt. Name : Mr. B. Srinivasa Rao  
Age/Sex : 50 Yrs / Male  
Ref by : Jayathi Hospital, Guntur.,

Date : 01/02/2020  
Bill No : 01/20/0122  
Hospital : Jayathi Hospital.

**Culture & Sensitivity Report**

Source of specimen : Urine  
Sample collection date : 30-01-20  
Reporting date : 01-02-20

Organism isolated : Staphylococcus epidermidis >100,000 CFU/ml.

| <u>Sensitive To</u> | <u>Intermediate To</u> | <u>Resistant To</u>    |
|---------------------|------------------------|------------------------|
| IMIPENEM            | TIGECYCLINE            | AZITHROMYCIN           |
| MEROPENEM           | AMIKACIN               | CIPROFLOXACIN          |
| VANCOMYCIN          | TETRACYCLINE           | GEMIFLOXACIN           |
| CLINDAMYCIN         |                        | SPARFLOXACIN           |
| TEICOPLANINE        |                        | NITROFURANTOIN         |
|                     |                        | CEPHOTAXIM             |
|                     |                        | CEFTRIAZONE            |
|                     |                        | CEFAZOLINE             |
|                     |                        | GENTAMYCIN             |
|                     |                        | LEVOFLOXACIN           |
|                     |                        | AMOXYCLAV              |
|                     |                        | OFLOXACIN              |
|                     |                        | CEFOPERAZONE/SULBACTAM |
|                     |                        |                        |
